

University of Tehran  
Kish International Campus

Vol. 02, No. 01  
JUNE 2021

**JOURNAL**  
of  **DESIGN**  
**THINKING**

ISSN 2645-3304

**J**ournal of Design Thinking is the first professional Design Journal in Iran which has been directed toward publishing the result of scientific research of researchers in different fields of Industrial Design, Design Cognition, Creativity and Design Thinking. All papers published in this journal would be evaluated by double blind peer review and would be released in open access format for all researchers. Based on the scientific capacity of society of Industrial Design, Journal of Design Thinking would act in a meta-academic way in collaboration with national and international prominent professors.

# JOURNAL of DESIGN THINKING

*Concessionaire*

**University of Tehran**

*Publisher*
